- Offshore Safety Gear

Bar Crusher's 535XS delivers exactly what hardcore anglers demand, with its rear centre console, re-positional seating and forward casting deck offering unrivalled fishability.

Designed for lure casting and trolling, this sleek, purpose-built sportfishing boat is perfect for targeting everything from barra, bass and bream through to flathead, snapper and kingfish.

Measuring 5.35m length overall, with a 2.15m beam, the 535XS is constructed from heavy duty, high-tensile 4mm (bottom sides) and 3mm (top sides) marine grade plate aluminium. Its high-tech Waveslicer non-pounding, deep-V hull; super-strong Rigideck sub-floor system with fully-welded checkerplate floor: and Quickflow water ballast technology for superior stability at rest.

The evolutionary Gen2 hull design combines key features including a wider negative chine running forward, optimised wider chine aft and the distinctive Delta Flare - delivering greater hydrodynamic lift for more efficient planning and improved fuel economy, a higher bow attitude and better spray deflection for a drier ride, as well as increased stability at rest.

This package is available with both Yamaha and Suzuki 4-Stroke Outboards

We offer in house finance and insurance packages to approved customers. Call us today to tailor a Bar Crusher package to suit your needs.
